

Better, smarter, faster: how Web 3.0 will transform learning in high-performing organizations

Lykins, Lorrie, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20440975&lokasi=lokal>

Abstrak

Coaching skills are becoming critical management competencies as organizations prepare a new generation of leaders, using fewer financial, human, and training resources. This book is suitable for those who want to initiate a formal coaching process with their employees.

Contents :
