

POELITIK: Jurnal Kajian Politik dan Masalah Pembangunan

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20441164&lokasi=lokal>

Abstrak

This paper discusses and analyses Indonesia's 2009 presidential election. The central question raised is whether the result of 2009 legislative election produce similar outcome in the presidential election. It is argued that the trend of electoral pattern between the two election are similar, and this is made possible because of Indonesian electorates have become more rational in their votings.
