### Abstrak

Is Myanmar (Burma) democratizing, or is it moving towards a new form of authoritarianism, perhaps one more consonant with other contemporary authoritarian regimes in Asia? Coming at a critical time, and one of growing interest in this Southeast Asian country among researchers and policy-makers, *Debating Democratization in Myanmar* addresses this complex question from a range of disciplinary and professional perspectives. Chapters by leading international scholars and practitioners, activists and politicians from Myanmar and around the world cover political and economic updates.
