

Celebrating Europe: an Asian journey

Asad-Ul-Iqbal Latif

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20442414&lokasi=lokal>

Abstrak

Europe's mythical origins lie in Zeus' abduction of the Asian princess Europa. Down the real centuries, Asia has played a crucial role in the making of Europe — as an object of Orientalist fantasy and colonial desire, but also of the spread of the liberating values and humane letters associated with the continent. In this book, a lifelong admirer of Europe casts a critical yet loving eye on the continent to ask what it means to him. The book revolves around a series of personal encounters.
