

Nonparametric function estimation, modeling, and simulation

Thompson, James R., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20442929&lokasi=lokal>

Abstrak

Topics emphasized include nonparametric density estimation as an exploratory device plus the deeper models to which the exploratory analysis points, multi-dimensional data analysis, and analysis of remote sensing data, cancer progression, chaos theory, epidemiological modeling, and parallel based algorithms. New methods discussed are quick nonparametric density estimation based techniques for resampling and simulation based estimation techniques not requiring closed form solutions.
