

Food fray: inside the controversy over genetically modified food

Weasel, Lisa H., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20443774&lokasi=lokal>

Abstrak

More than ten years ago, the first genetically modified foods took their place on the shelves of American supermarkets. But while American consumers remained blissfully unconcerned with the new products that suddenly filled their kitchens, Europeans were much more wary of these "Frankenfoods." When famine struck Africa in 2002, several nations refused shipments of genetically modified foods, fueling a controversy that put the issue on the world's political agenda for good.
