

Nonlinear programming: concepts, algorithms, and applications to chemical processes

Biegler, Lorenz T., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20443914&lokasi=lokal>

Abstrak

This book addresses modern nonlinear programming (NLP) concepts and algorithms, especially as they apply to challenging applications in chemical process engineering. The author provides a firm grounding in fundamental NLP properties and algorithms, and relates them to real-world problem classes in process optimization, thus making the material understandable and useful to chemical engineers and experts in mathematical optimization.
