Abstrak

**ABSTRAK
**

Penelitian ini membahas tentang pengaruh Store Atmosphere terhadap Consumer Behavioral Responses di Toko Buku TM. Bookstore. Penelitian ini menggunakan desain riset studi deskriptif dengan melakukan survey kepada 191 responden pengunjung Toko Buku TM. Bookstore saat mereka mengunjungi toko tersebut dengan metode store intercept/mall intercept. Desain penelitian yang dilakukan adalah konklusif deskriptif single cross-sectional. Metode pengambilan sampel yang digunakan adalah teknik non-probability sampling yakni convenience sampling. Teknik analisis data yang digunakan adalah dengan menggunakan IBM SPSS 20 for windows baik untuk melakukan analisis pre-test maupun untuk analisis main test.

Terdapat hasil dari penelitian ini antara lain pertama, store atmosphere memiliki pengaruh positif terhadap consumer behavioral responses. Kedua, store atmosphere memiliki pengaruh positif terhadap consumer perception. Ketiga, store atmosphere memiliki pengaruh positif terhadap emotional states. Keempat, product quality, reasonable price, social attributes, dan product emotions memiliki pengaruh positif terhadap consumer behavioral responses. Kelima, consumer perception dan emotional states tidak dapat memoderasi hubungan antara store atmosphere dan consumer behavioral responses
