## Abstrak

Tulisan ini membahas studi corporate environmental crime terhadap penegakan hukum atas kasus pencemaran Sungai Cikijing yang dilakukan oleh PT Kahatex di Kecamatan Rancaekek Jawa Barat. Data yang digunakan diperoleh melalui data sekunder berupa dokumen lembaga, karya tulis ilmiah, dan dokumen online. Hasil analisis studi corporate environmental crime menunjukkan bahwa penegakan hukum terhadap PT Kahatex cenderung lemah. Hal ini disebabkan karena penegakan hukum tidak mampu memberikan kepastian dan beratnya hukuman. Permasalahan berkaitan dengan aktivitas korporasi di dalam konteks kejahatan lingkungan juga mendorong kompleksitas kasus ini. Oleh karena itu, kualitas penegakan hukum lingkungan yang baik diperlukan untuk mencegah praktik pencemaran sungai. Studi corporate environmental crime dikembangkan untuk memahami penegakan hukum terhadap korporasi.

<hr>This article discusses the study of corporate environmental crime about law enforcement over water pollution in Cikijing River caused by PT Kahatex, in Kecamatan Rancaekek West Java. The data that were used obtained through secondary data form documents from community institution, scientific research, and online articles. Analysis of the study of corporate environmental crime shows that a poor environmental law enforcement towards PT Kahatex, that caused by law enforcement that is unable to give legal certainty and a proper punishment. Problems related to corporate activities in environmental crime also illustrate the complexity of this case, therefore the better quality of environmental enforcement is needed to halt the practice of river pollution. The studies of corporate environmental crime were developed to understanding the law enforcement towards corporation.
