

The sharpest cut: the impact of Manfred Padberg and his work

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20448165&lokasi=lokal>

Abstrak

The Sharpest Cut is written in honor of Manfred Padberg, who has made fundamental contributions to both the theoretical and computational sides of integer programming and combinatorial optimization. This outstanding collection presents recent results in these areas that are closely connected to Padberg's research. His deep commitment to the geometrical approach to combinatorial optimization can be felt throughout this volume; his search for increasingly better and computationally efficient cutting planes gave rise to its title.
