

Winning with futures: the smart way to recognize opportunities, calculate risk, and maximize profits

Thomsett, Michael C., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20448615&lokasi=lokal>

Abstrak

Whether dealing in coffee, wheat, pork bellies, silver or gold, any buyer investing in commodities is trading in the futures market. For the investor, the goal is to make money when that commodity either gains or loses in value. Winning with Futures demystifies the market, with all of its risks and opportunities, and enables readers to make the most informed decisions when betting on the outcome of a product. With easy-to-follow, practical advice, Michael C. Thomsett teaches novice investors to select the best commodities—from energy and imports to financial futures; manage risks effectively while diversifying their portfolios; and avoid selling at the wrong time.
