

Winning with stocks: the smart way to pick investments, manage your portfolio, and maximize profits

Thomsett, Michael C., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20449106&lokasi=lokal>

Abstrak

With a refreshing absence of jargon--and a substantial dose of straight forward guidance and explanation--Winning with Stocks breaks down the basics of making the kind of investment decisions that will pay off. Covering the most valuable indicators of stock market performance--such as current ratio and debt ratio, revenue trend, net return, price history, volatility, P/E ratio, and trading range trends--the book shows readers how to take advantage of oppor-tu ni ties while limiting risks.
