

Functions of matrices: theory and computation

Higham, Nicholas J., 1961- , author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20450771&lokasi=lokal>

Abstrak

Matrix functions are of growing interest due to their fascinating theory and the many applications in which they provide insight and succinct solutions. *Functions of Matrices: Theory and Computation* gives a thorough treatment of the theory of matrix functions and numerical methods for computing them, as well as an overview of applications.
