

Feedback systems: input-output properties

Desoer, Charles A., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20450913&lokasi=lokal>

Abstrak

This book was the first and remains the only book to give a comprehensive treatment of the behavior of linear or nonlinear systems when they are connected in a closed-loop fashion, with the output of one system forming the input of the other. The study of the stability of such systems requires one to draw upon several branches of mathematics but most notably functional analysis.
