Abstrak

Get an in-depth look at pediatric primary care through the eyes of a Nurse Practitioner! Pediatric Primary Care, 6th Edition guides readers through the process of assessing, managing, and preventing health problems in infants, children, and adolescents. Key topics include developmental theory, issues of daily living, the health status of children today, and diversity and cultural considerations. This sixth edition also features a wealth of new content and updates - such as a new chapter on pediatric pharmacology, full-color design and illustrations, new QSEN integration, updated coverage of the impact of the Affordable Care Act, a refocused chapter on practice management, and more - to keep readers up to date on the latest issues affecting practice today"--Publisher's description.
