David Bowie is now into his fifth decade of making music. From his first hit single, 'Space Oddity', to his vital 21st-century albums *Heathen* and *Reality*, he remains the most influential rock star of his generation. *Strange Fascination* chronicles Bowie's career against the colourful backdrop of post-Beatles pop culture, taking us from the glam-era gender-bending of the early 1970s, through plastic soul, the Berlin period, *Scary Monsters* and the huge international success of *Let's Dance* right the way up to his most recent collaborations and his pioneering use of the Internet. It's a story of amazing creativity, of huge, showboating theatricality and of a never-ending quest to remain relevant and at pop's cutting edge.
