ABSTRAK

Pedagang Besar Farmasi PBF merupakan salah satu faktor penting dalam ketersediaan obat. Dalam melakukan kegiatannya, PBF harus menerapkan Cara Distribusi Obat yang Baik CDOB agar mutu obat yang diterima oleh fasilitas kesehatan masih terjaga dan sesuai dengan penggunaannya. Untuk memperoleh gambaran lebih jelas mengenai peran apoteker di PBF, PT. Kimia Farma Trading Distribution memberikan kesempatan bagi calon apoteker untuk melaksanakan praktek kerja profesi. Setelah praktik kerja, calon apoteker diharapkan dapat memahami peran apoteker di industri farmasi dan memiliki pengetahuan, keterampilan, dan pengalaman praktis untuk melakukan pekerjaan kefarmasian di PBF.

ABSTRACT

Distributor is one of the important factors in the availability of drugs. In carrying out its activities, distributor must apply Good Distribution Practice GDP so that the quality of drugs received by the health facility is still maintained and in accordance with its use. To obtain a clearer picture of the role of pharmacists in PBF, PT. Kimia Farma Trading Distribution provides an opportunity for prospective pharmacists to carry out professional work practices. After the internship, the prospective pharmacist is expected to understand the role of the pharmacist in the pharmaceutical industry and have the knowledge, skills and practical experience to undertake pharmaceutical work in the distributor.
