

Speaking out videos in abnormal psychology

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20460841&lokasi=lokal>

Abstrak

Speaking out videos in abnormal psychology DVD series helps you as an instructor, bring abnormal psychology to life for your students by providing you over four and a half hours of video footage. Available on two DVD's and organized by their disorder type, this set of sixteen videos allows students to see first-hand accounts of patients with various disorders. The interviews were conducted by licensed clinicians and range in length from 8-25 minutes.
