

Houses for all regions : CRAN residential collection

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20461482&lokasi=lokal>

Abstrak

Summary:

"Containing cutting-edge residential designs by leading architects from across the world, including North America, the Caribbean, Asia, and Europe, and featuring rarely seen images, this collection underlines the sensitivity of today's architects to the natural environment, as well as the care and attention paid to interior design and everyday living."--Jacket.
