

Dynamics of religion in Southeast Asia : magic and modernity

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20464003&lokasi=lokal>

Abstrak

Starting from the premise that modernity has cast a spell over people around the world, this collection explores the use of magic and religion as modern tools for connection. The contributors draw on new ethnographic research in Vietnam, Laos, Thailand, and Indonesia to show that residents of these countries no longer see religion and modernity as contradictory. Rather, religious ideas and magic practices help people acro
