

Interpreting and visualizing regression models using stata

Mitchell, Michael N., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20464362&lokasi=lokal>

Abstrak

This is a clear treatment of how to carefully present results from model-fitting in a wide variety of settings. It is a boon to anyone who has to present the tangible meaning of a complex model in a clear fashion, regardless of the audience. As an example, many experienced researchers start to squirm when asked to give a simple explanation of the applied meaning of interactions in nonlinear models such as logistic regression. The tools in Mitchell's book make this task much more enjoyable and comprehensible
