

Macroeconomic policies in Indonesia : Indonesia economy since the Asian financial crisis of 1997

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20464546&lokasi=lokal>

Abstrak

This book gives insight on the dynamics and route of economic policies that have been taken and implemented since the point of institutional reforms in 1998 that is triggered from the context of financial crisis in 1997/1998. The condition that brought different paradigm on the landscape of economic and development policies, especially on the case of monetary and financial structure, international trade sector, manufacturing sector, taxes administration policy, and the evolved context of decentralization and development of public sector policies in general. Given state of current economic development, this book offers suggestions to address economic issues that require improvements. This book is unique as: 1) it is about Indonesia, a country that mostly affected by 1997/1998 financial crisis, which also lead to a change in regime, 2) It cover a broad range of thematic topics on sectors development and institutional changes from major policies that have been taken, 3) It posted both existing and future challenges on monetary and financial sectors, trade, manufacturing and competitiveness, as well as on development of decentralization policies
