Abstrak

"Now thoroughly updated to include new advances in the field, and with regular content updates to the eBook, Principles and Practice of Pediatric Oncology, 7th Edition remains the gold standard text for the care and research of children with cancer. This authoritative reference is the single most comprehensive resource on the biology and genetics of childhood cancer and the diagnosis, multimodal treatment, and long-term management of young patients with cancer. Also addressed are a broad array of topics on the supportive and psychosocial aspects of care of children and families. Covering virtually every aspect of the breadth and depth of childhood cancer, this 7th Edition provides expert guidance on state-of-the-art, multidisciplinary care for children and families"--Publisher's description.
