

Information Resource Description : Creating and managing metadata

Hider, Philip, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20464766&lokasi=lokal>

Abstrak

Summary:

Provides the tools and guidance needed to create, organize and manage digital assets effectively. This book provides a systematic overview of the ways in which information resources are being described so as to facilitate their access across a wide range of contexts. The focus is on metadata used in contemporary systems and environments.
