Abstrak

Skripsi ini membahas mengenai peraturan-peraturan terkait perlindungan hukum bagi konsumen terhadap jaminan produk makanan halal di Indonesia dan keberlangsungan pelaksanaan dari peraturan-perturan tersebut. Metode yang digunakan dalam penelitian ini adalah yuridis-normatif, penelitian kepustakaan dengan cara menelaah norma hukum tertulis berdasarkan Perundang-undangan yang berlaku di Indonesia. Kesimpulan penelitian menunjukan bahwa pemerintah telah berupaya melalui peraturan-peraturan terkait perlindungan hukum bagi konsumen muslim terhadap produk makanan halal di Indonesia meskipun memiliki kekurangan dalam pelaksanaannya, berupa penerapan sanksi bagi produsen yang melanggar peraturan label produk makanan halal belum cukup tegas.

.....His Thesis is focusing on regulations regarding legal protection for the consumers about Halal Edibles Certainty in Indonesia, about the application of the regulations, and about Institutions focusing on legal protection for muslim consumer 's right regarding Halal Edibles. The method used in this research is Juridical Normative which uses Primary Data through interview, and also Secondary Data by using Literature Studies. This research concludes that regulations on legal protection for muslim consumer 's right regarding Halal Edibles in Indonesia are finely tuned, although there are some weaknesses. That is found the imposition of legal and sanctions enforcement for the Edible Producers whom broke the law of label for Halal Edibles is not firm enough.
