

The economics of ecology, exchange, and adaptation: anthropological explorations

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20469354&lokasi=lokal>

Abstrak

This book consists of three sections. The first, concentrating on ecology, further explores the theme of climate change. The second section focuses on exchange transactions and relations in a variety of situations and settings. Finally, papers in the third section share a concern with individual and group adaptations to certain conditions of life.
