

Developing leaders for positive organizing: a 21st century repertoire for leading in extraordinary times

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20469565&lokasi=lokal>

Abstrak

Leadership is not about individuals; it is a complex, relational, socially co-constructed and emergent process. This book brings together the latest thinking from business and positive psychology research to provide new insights into leadership, organizational development and change.
