

Marconomics: defining economics through social science and consumer behavior

Blawatt, Ken R., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20469606&lokasi=lokal>

Abstrak

Marconomics is about human economics. This text introduces marconomics, examining how the use of the social sciences, consumer behavior in particular, is used to explain and develop economic activity. Blawatt argues the philosophy and principles of the classical school of economic thought are problematic and should be replaced with a new model.
