## Abstrak

### <b>ABSTRAK</b><br>

Penelitian ini bertujuan untuk menganalisis pengaruh kepemilikan pemerintah dan kepemilikan asing terhadap efisiensi investasi pada perusahaan di Indonesia, Malaysia, Singapura dan Thailand periode 2012-2016. Data yang digunakan merupakan data panel dengan metode Ordinary Least Square. Hasil penelitian ini adalah kepemilikan negara memiliki pengaruh positif signifikan terhadap efisiensi investasi di Indonesia, kepemilikan negara berpengaruh positif dan tidak signifikan di Malaysia dan Singapura, sedangkan kepemilikan negara berpengaruh negatif signifikan di Thailand. Selain itu interaksi kepemilikan negara terhadap peluang investasi menunjukkan negatif dan tidak signifikan di Indonesia, Malaysia dan Thailand, tetapi positif dan tidak signifikan di Singapura. Temuan lainnya adalah kepemilikan asing berpengaruh positif dan tidak signifikan di negara Indonesia, Malaysia dan Singapura. Kepemilikan asing berpengaruh negatif dan tidak signifikan di Thailand. Interaksi kepemilikan asing dan peluang investasi menunjukkan pengaruh negatif dan tidak signifikan di Indonesia, Malaysia, Singapura dan Thailand. Penelitian juga menguji hubungan antara kepemilikan asing dan investasi terhadap country level institution. Country level institution diukur dengan menggunakan political risk component berupa government stability, investment profile dan law and order. Hasil penelitian menunjukkan bahwa tidak terdapat signifikansi antara hubungan kepemilikan asing dan investasi terhadap government stability, investment profile dan law and order di Indonesia, Malaysia, Singapura dan Thailand.
