Abstrak

Praktik kerja profesi di PT Agrinusa Jaya Santosa Periode Bulan Maret-April Tahun 2018 bertujuan untuk mengetahui peran dan tanggung jawab Apoteker di industri obat hewan serta untuk mengidentifikasi penerapan Cara Pembuatan Obat Hewan yang Baik CPOHB di industri obat hewan. Praktik kerja profesi ini dilakukan selama 2 bulan 8 minggu . Adapun tugas khusus yang diberikan selama praktik kerja profesi yakni mengenai "Analisis Penyimpangan pada Penerapan Prosedur Produksi Induk Dan CPOHB di Ruang Pengolahan PT Agrinusa Jaya Santosa", Tujuan dari pelaksanaan tugas khusus ini adalah untuk menilai efektivitas penerapan Prosedur Produksi Induk di PT Agrinusa Jaya Santosa, menilai kepatuhan operator dalam mengikuti instruksi dari Prosedur Pengolahan Induk PPI , dan menganalisis penerapan CPOHB di ruang pengolahan PT Agrinusa Jaya Santosa. Secara garis besar, penerapan PPI masih perlu dievaluasi efektivitasnya, sedangkan penerapan CPOHB di ruang pengolahan telah baik namun masih ada beberapa aspek dalam CPOHB yang harus dievaluasi.

Title : Apothecary Internship Program at PT Agrinusa Jaya Santosa on March - April 2018
Apothecary internship Program at PT Agrinusa Jaya Santosa on March ndash; April 2018 aimed to figure out the roles and responsibilities of the apothecary in veterinary medicine industry and to identify the application of good manufacturing practice for veterinary medicinal products. The internship was carried out for 2 months 8 weeks . The special assignment was given during internship entitled "Analysis of Deviation on Application of Master Processing Procedure and Good Manufacturing Practice for Veterinary Medicinal Products in Processing Room of PT Agrinusa Jaya Santosa". The objective of this special assignment was to assess the effectiveness of the application of the master processing procedure at PT Agrinusa Jaya Santosa, to asses the operator's compliance in following the instructions of the master processing procedure, and to asses good manufacturing practice for veterinary medicinal products in processing room of PT Agrinusa Jaya Santosa. In general, the application of master processing procedure was still needed to be evaluated its effectiveness, while the application of in good manufacturing practice for veterinary medicinal products in processing room was good, but there were still some aspects in good manufacturing practice for veterinary medicinal products that must be evaluated.
