

Financial markets and sovereign wealth funds

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20480347&lokasi=lokal>

Abstrak

Asia's miraculous recovery from the 1997 crisis ushered in unexpected transformations to its economies and financial sectors. The reasons many Asian countries are growing above 6%, with double-digit growth for a year or two in-between, are investigated by this extensive research collection. The Handbook of Asian Finance covers the most interesting issues raised by these growth rates. From real estate prices and the effects of trading technologies for practitioners to tax evasion, market manipulation, and corporate governance issues, expert scholars analyze the ways that the region is performing. Offering broader and deeper coverage than other handbooks, the Handbook of Asian Finance explains what is going on in Asia today.
