

Toleration

Cohen, Andrew Jason, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20481396&lokasi=lokal>

Abstrak

In this engaging and comprehensive introduction to the topic of toleration, Andrew Jason Cohen seeks to answer fundamental questions, such as: What is toleration? What should be tolerated? Why is toleration important? Beginning with some key insights into what we mean by toleration, Cohen goes on to investigate what should be tolerated and why. We should not be free to do everything; murder, rape, and theft, for clear examples, should not be tolerated. But should we be free to take drugs, hire a prostitute, or kill ourselves? Should our governments outlaw such activities or tolera.
