Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20492118&lokasi=lokal>

Abstrak

Penelitian ini bertujuan untuk menganalisis Program Jaminan Sosial yaitu Raskin dan BLSM yang berpengaruh terhadap ketahanan pangan rumah tangga. Dalam penelitian digunakan data cross section yang didapat dari hasil Survei Aspek Kehidupan Rumah Tangga (Sakerti) 2014 dengan sampel rumah tangga penerima Program Jaminan Sosial. Analisis logistik biner digunakan untuk mengetahui pengaruh Program Jaminan Sosial yaitu Raskin dan BLSM terhadap ketahanan pangan rumah tangga. Hasil analisis menunjukkan bahwa Program Raskin dan BLSM berpengaruh negatif terhadap ketahanan pangan rumah tangga. Sementara terdapat faktor lain yang mempengaruhi ketahanan rumah tangga diantaranya gender kepala rumah tangga, pendidikan kepala rumah tangga, jumlah anggota rumah tangga, pendapatan rumah tangga, daerah tempat tinggal, dan akses kredit.

<hr>

This study aims to analyse the effect of Social Security programs (Raskin and BLSM) on households food security. In this study used cross section data from Indonesia Family life Survey (IFLS) 2014, with a sample of household receiving Social Security program.
