

Learning from our mistakes: beyond dogma in psychoanalysis and psychotherapy

Casement, Patrick, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20493278&lokasi=lokal>

Abstrak

"This book will be a valuable addition to the libraries of practicing psychotherapists as well as students and trainees in psychodynamic therapy and psychoanalysis. While written for professionals, it will also be read with pleasure by general readers interested in current psychoanalytic thought."
