Abstrak

Perkembangan kejahatan korporasi sangat dipengaruhi oleh perkembangan teknologi yang berada di dalam industri. Salah satu contoh yang dapat diambil adalah kasus kamuflase unit pengolahan ikan oleh PT. X di Bitung. Kasus kejahatan ini muncul akibat praktik transshipment yang memiliki sangat erat kaitannya dengan praktik illegal, unregulated dan unreported fishing. Karya ilmiah ini akan menganalisis kasus kamuflase unit pengolahan ikan oleh PT. X dengan dimensi teori yang terdapat di dalam buku Criminal Behavior System milik Clinard, Quinney dan Wildeman. Terdapat lima dimensi teori yang akan dianalisis dalam karya ilmiah ini, yaitu; (1) Aspek pelanggaran hukum, (2) Karir Kriminal, (3) Dukungan kelompok, (4) Hubungan antara tingkah laku illegal dan legal, serta (5) Reaksi sosial dan Proses Peradilan.

.....The development of corporate crime is strongly influenced by technological developments in the industry. One example that can be taken is the case of camouflage of a fish processing unit by PT. X in Bitung. This crime case arises due to the practice of transshipment which has a very close relationship with the practice of illegal, unregulated and unreported fishing. This paper will analyze the case of camouflage of a fish processing unit by PT. X with the theoretical dimensions contained in the Criminal Behavior System book belonging to Clinard, Quinney and Wildeman. There are five dimensions of the theory to be analyzed in this paper, namely; (1) Legal Aspects of Selected Offenses, (2) Criminal Career of the Offender, (3) Group support of Criminal Behavior, (4) Correspondence between Criminal and Legitimate Behavior, and (5) Social reaction and Legal Processing.
