Abstrak

Kajian ini bertujuan untuk mengidentifikasi dan menjelaskan bagaimana perbedaan strategi antara REDD+ dibawah Direktorat Jenderal Pengendalian Perubahan Iklim (2015-2019) dan REDD+ dibawah BP REDD+ Indonesia (2010-2014), serta mengidentifikasi dan menjelaskan bagaimana peran REDD+ dalam pengentasan kemiskinan di Indonesia. Kajian ini berlandaskan metode kajian literatur serta data-data sekunder dalam mengidentifikasi dan menjelaskan bagaimana perbedaan strategi antara REDD+ dibawah Direktorat Jenderal Pengendalian Perubahan Iklim (2015-2019) dan REDD+ dibawah BP REDD+ Indonesia (2010-2014), dan bagaimana peran REDD+ dalam pengentasan kemiskinan di Indonesia. REDD+ di Indonesia telah mengalami perubahan kelembagaan REDD+, dari BP REDD+ Indonesia (2010-2014) ke Direktorat Jenderal Pengendalian Perubahan Iklim (2015-2019). Secara umum, tidak terdapat banyak perbedaan strategi kedua periode tersebut. Pengentasan kemiskinan dalam REDD+ sangat terkait dengan skema kehutanan sosial. Peningkatan kesejahteraan yang lebih baik di beberapa desa perhutanan sosial dipengaruhi beberapa hal oleh pendanaan dari NGO melalui REDD+.

This study aims to identify and explain how the different strategies are between REDD + under the Directorate General of Climate Change (2015-2019) and REDD + under BP REDD + Indonesia (2010-2014) and identify and explain how the role of REDD + in poverty alleviation in Indonesia. This study is based on a literature review method and secondary data in order to identify and explain how different strategies are between REDD + under the Directorate General of Climate Change (2015-2019) and REDD + under BP REDD + Indonesia (2010-2014), and how the role of REDD + in poverty alleviation in Indonesia. REDD + in Indonesia has experienced institutional changes in REDD +, from BP REDD + Indonesia (2010-2014) to the Directorate General of Climate Change Control (2015-2019). In general, there are not many differences in the strategies of the two periods. Poverty alleviation in REDD + is closely related to social forestry schemes. Increasing better welfare in several social forestry villages is influenced by several things by funding from NGOs through REDD +.
