

## ICTMI 2017: proceedings of the international conference on translational medicine and imaging 123

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20509655&lokasi=lokal>

---

### Abstrak

This book highlights the latest research presented at the International Conference on Translational Medicine and Imaging (ICTMI) 2017. This event brought together the worlds leading scientists, engineers and clinicians from a wide range of disciplines in the field of medical imaging. Bioimaging has continued to evolve across a wide spectrum of applications from diagnostics and personalized therapy to the mechanistic understanding of biological processes, and as a result there is ever-increasing demand for more robust methods and their integration with clinical and molecular data. This book presents a number of these methods.
