

One belt, one road: connectivity and common development--energy infrastructure development and energy market integration in Asia-Pacific region

Li, Ping, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20511178&lokasi=lokal>

Abstrak

The One Belt One Road strategic concept provides new opportunities for world economic development. Promoting the integration of regional energy markets is an important starting point for promoting regional integrated development. The book is divided into four parts: One Belt One Road strategy provides new opportunities for world economic development, promotes regional energy market integration, key project recommendations, and safeguard measures
