

Samour and King's pediatric nutrition in clinical care

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20511501&lokasi=lokal>

Abstrak

This text combines coverage of nutrition assessment and care with detailed coverage of normal growth, relevant disease states, and medical nutrition therapy. In addition to important updates in all major areas of pediatric nutrition, the book has been expanded to include evolving areas in pediatric nutrition including, malnutrition related to undernutrition, nutrition focused physical exam, integrative medicine and more.
