

The role of donald trump's idiosyncratic facotrs in the U.S. foreign policy making

Muhammad Ilham Razak, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20512722&lokasi=lokal>

Abstrak

In recent years, Donald Trump has emerged as one of the most controversial figures that often surprised many scholars and world leaders due to his statements and decisions in the U.S. foreign policy. As joseph nye posits, Trump's behaviour and its role as president cannot be easily dismissed in the U.S. foreign policy discourse.
