

Looking for smart settlement: Formal vs informal

Fenita Indrasari, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20512777&lokasi=lokal>

Abstrak

Leading to sustainability, smart settlement challenges our understanding on urban environment, the natural region, and most importantly on our way of living. Yet, the journey to look for smart settlements needs to begin with a careful examination of our current conditions.
