## Abstrak

Pemerintah melalui kementerian BUMN telah mengeluarkan Peraturan Menteri Negara BUMN No. PER-01/MBU/2011 tentang Penerapan Tata Kelola Perusahaan yang Baik. Perhutani sebagai salah satu BUMN ikut melaksanakan peraturan tersebut. Namun pada penerapannya, terdapat penyimpangan-penyimpangan dari prinsip-prinsip GCG. Oleh karena itu, penelitian ini bertujuan untuk meneliti penerapan prinsip-prinsip GCG pada Perum Perhutani. Penelitian menggunakan prinsip-prinsip GCG dikembangkan oleh Organization for Economic Cooperation dan Development (OECD) yang kemudian diadaptasi kedalam Pedman Pelaksanaan GCG yang disusun oleh KNKG. Penelitian menggunakan metode post-positivist yaitu membandingkan kondisi ideal dengan kondisi sebenarnya di lapangan. Data yang digunakan dalam penelitian ini bersumber dari wawancara mendalam serta studi kepustakaan. Hasil penelitian menunjukkan bahwa prinsip-prinsip GCG sudah diterapkan dengan baik dan telah memenuhi indikator-indikator penerapan GCG. Akan tetapi perlu ditingkatkannya peran serta komitmen dari para top management dalam mendukung terlaksananya GCG dengan baik.

.....Government through Ministry of State-Owned Enterprises has issued Regulation of the Minister of State-Owned Enterprises No. PER-01/MBU/2011 concerning the Implementation of Good Corporate Governance. Perhutani as one of the SOEs participates in implementing these regulations. However, in the implementation process, there are irrelevance from the principles of Good Corporate Governance. Therefore, this study aims to examine the application of GCG principles and the obstacles in the Implementation. This study used the principles of GCG which was developed by the Organization for Economic Cooperation dan Development (OECD) which later adapted into by KNKG into Implementation Guidelines of GCG. This study uses the post-positivist method to compare ideal condition and real actual condition. The data used in this study were sourced from depth interviews and literature studies. The results of the study indicate that the principles of GCG have been implemented properly. However, it is necessary to increase the commitment from the top managements in supporting the implementation of GCG.
