Abstrak

Profesi apoteker dalam menjalankan pekerjaan kefarmasian harus sesuai dengan standar kompetensi dan praktek kefarmasian. Praktek kerja profesi apoteker dilakukan agar calon apoteker dapat memahami peran dan tanggung apoteker dalam melakukan praktik kefarmasian. Praktek kerja di apotek dan industri farmasi dapat menjadi gambaran calon apoteker dalam melakukan praktik kefarmasian di lingkup pelayanan kefarmasian maupun industri. Pelaksanaan praktek kerja profesi apoteker dilakukan pada bulan Februari 2021 di Apotek Atrika dan pada bulan April - Mei 2021 di PT. Harsen Laboratories. Kegiatan praktek profesi apoteker diharapkan sebagai wadah untuk meningkatkan ilmu dan mengembangkan keterampilan calon apoteker yang nantinya dapat diaplikasikan saat melakukan praktik profesi apoteker.

.....The pharmacist profession in carrying out pharmaceutical work must be in accordance with competency standards and pharmaceutical practice. Pharmacist professional practice is carried out so that prospective pharmacists can understand the role and responsibilities of pharmacists in practicing pharmacy. Work practices in pharmacies and the pharmaceutical industry can be a picture of prospective pharmacists in carrying out pharmaceutical practices in the scope of pharmaceutical and industrial services. The practice of pharmacist profession is carried out in February 2021 at Apotek Atrika and in April - May 2021 at PT. Harsen Laboratories. Pharmacists' professional practice activities are expected to be a forum to improve knowledge and develop the skills of prospective pharmacists which can later be applied when practicing the pharmacist profession.
