Abstrak

Profesi Apoteker mempunyai peran penting dalam pekerjaan kefarmasian. Dalam melakukan pelayanan kefarmasian, apoteker dituntut untuk meningkatkan pengetahuan, keterampilan manajerial, serta menguasai kemampuan dalam melakukan pelayanan farmasi klinik. Apoteker tidak hanya perlu pengetahuan dalam bentuk teori namun, dibutuhkan juga praktik. Pengetahuan dan keterampilan calon apoteker dapat ditingkatkan melalui kegiatan Praktik Kerja Profesi Apoteker (PKPA). Praktik Kerja Profesi Apoteker dilaksanakan di PT Dankos Farma periode Januari – Februari 2022 dan Apotek Atrika periode Mei – Juni 2022. Melalui proses PKPA di industri farmasi, dan apotek tersebut, calon apoteker diharapkan mampu memperoleh wawasan, pengetahuan, keterampilan, dan pengalaman yang sesuai untuk melakukan pekerjaan kefarmasian.

.....Pharmacist have important role in pharmacy practice. In providing pharmaceutical services, pharmacists are required to improve their knowledge, managerial skills, and master the ability to perform clinical pharmacy services. Pharmacists do not only need knowledge in the form of theory but also practice. The knowledge and skills of prospective pharmacists can be improved through Professional Practice of Pharmacist activities. The Professional Practice of Pharmacist is held at PT Dankos Farma for the period January – February 2022 and Apotek Atrika for the May – June 2022 period. Through the activities in the pharmaceutical industry and pharmacy, prospective pharmacists are expected to be able to obtain appropriate insight, knowledge, skills, and experience to perform pharmaceutical practice.
