Abstrak

Profesi apoteker memiliki peran penting dalam pelayanan kefarmasian di masyarakat, Seorang apoteker harus memenuhi Standar Kompetensi Apoteker Indonesia sebagai persyaratan memasuki dunia kerja dan menjalani praktik profesi. Calon apoteker harus melaksanakan Praktik Kerja Profesi Apoteker (PKPA) sebagai bekal dan pengalaman dalam memahami peran, tugas, dan tanggung jawab apoteker dalam dunia profesional serta meningkatkan kompetensi dan keterampilannya dalam melakukan praktik kefarmasian. Kegiatan PKPA ini telah dilaksanakan di Apotek Roxy Sawangan pada tanggal 3 – 31 Januari 2022 dan PT. Integrated Healthcare Indonesia (Johnson & Johnson) Pada 4 April – 31 Mei 2022. Kegiatan PKPA di Apotek Roxy Sawangan dan PT Integrated Healthcare Indonesia meliputi tinjauan tugas manajerial di bagian produksi sediaan solid dan liquid industri farmasi, tugas farmasi klinis di apotek serta tugas khusus baik di industri farmasi maupun di apotek.

.....Pharmacist plays an essential role in pharmaceutical service in the community. Pharmacist must meet the Indonesian Pharmacist Competency Standards as a requirement to enter the workforce and undergo professional practice. Prospective Pharmacist must carry out the Pharmacist Professional Work Practice (PKPA) as a provision and experience in understanding the roles, duties, and responsibilities of pharmacists in the professional world and improving their competence and skills in practical pharmacy. Pharmacist Professional Work Practice activity has been carried out at the Roxy Sawangan Pharmacy on 3 – 31 January 2022 and PT. Integrated Healthcare Indonesia (Johnson & Johnson) On April 4 – May 31, 2022. PKPA activities at Apotek Roxy Sawangan and PT Integrated Healthcare Indonesia include a review of managerial duties in the solid and liquid dosage production section of the pharmaceutical industry, clinical pharmacy assignments in pharmacies as well as particular tasks both in the pharmaceutical industry and in pharmacies.
