

Strategi penanggulangan korupsi di tubuh POLRI

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=89884&lokasi=lokal>

Abstrak

Police organization (Polri) is commonly known as severely tainted by the issue of corruption, collusion and nepotism. The writer evidence a shocking existing picture of corruption practices inside organization involving officers in association with members of the public.

The writer suggest Polri as organization should build up a comprehensive, consistent and stable strategy of combating corruption. Unless the strategy is taken place that way then corruption is argued can be liquidated
