Abstrak

Sebagai hasil dari perluasan Uni Eropa pada tahun 2004 dan kemudian 2007, Uni Eropa telah memperoleh negara anggota dan tetangga baru. Di antara anggota Uni Eropa yang baru adalah negara – negara bekas blok timur dari Eropa tengah dan timur yang telah mengalami suatu transformasi sistemik dalam hal sosial dan politik pada awal tahun 1990. The Eastern Partnership merupakan salah satu kerjasama dari European Neighborhood Policy yang secara resmi disahkan pada Prague Summit tahun 2009 dihadapan perwakilan negara – negara anggota Uni Eropa, Parlemen Eropa, Komite Sosial dan Regional, European Bank for Reconstruction and Development, European Investment, dan 6 negara anggota dari Eropa timur yang merupakan anggota dari Eastern Partnership Program. Penelitian ini ditulis dengan tujuan untuk mengetahui hubungan antara Uni Eropa dengan negara-negara mitra timur dari empat capaian yang dibentuk oleh Uni Eropa melalui penerapan kerjasama dengan daerah timur yang terikat kontrak dalam dasar pendirian program kemitraan timur Eropa.

.....As a result of the expansion of the European Union in 2004 and 2007, the European Union has acquired new member states and neighbours. Among the new members of the European Union are the countries of the former eastern bloc from central and eastern Europe which have undergone a systemic transformation in social and political terms in the early 1990s. The Eastern Partnership is one of the collaborations of the European Neighborhood Policy which was officially ratified at the Prague Summit in 2009 before representatives of the European Union member countries, the European Parliament, the Social and Regional Committee, the European Bank for Reconstruction and Development, European Investment, and 6 member countries from eastern Europe who are members of the Eastern Partnership Program. This study was written with the aim of knowing the relationship between the European Union and eastern partner countries from the four achievements established by the European Union through the implementation of cooperation with eastern regions that are bound by contract in the basis of establishing the eastern European partnership program.
