

Modeling and optimization of advanced manufacturing processes

Bhowmik, Sumit, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=9999920521388&lokasi=lokal>

Abstrak

This book covers various multiple-criteria decision making (mcdm) methods for modeling and optimization of advanced manufacturing processes (AMPs). Processes such as non-conventional machining, rapid prototyping, environmentally conscious machining and hybrid machining are finally put together in a single book. It highlights the research advances and discusses the published literature of the last 15 years in the field. Case studies of real life manufacturing situations are also discussed.
