

EngOpt 2018 Proceedings of the 6th International Conference on Engineering Optimization

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=9999920521475&lokasi=lokal>

Abstrak

The papers in this volume focus on the following topics: design optimization and inverse problems, numerical optimization techniques, efficient analysis and reanalysis techniques, sensitivity analysis and industrial applications. The conference EngOpt brings together engineers, applied mathematicians and computer scientists working on research, development and practical application of optimization methods in all engineering disciplines and applied sciences.
