Abstrak

Laporan magang ini bertujuan untuk mengevaluasi tingkat utilitas settlement platform transaksi valuta asing di Bank OOO selama periode Januari – Maret 2023. Bank OOO memiliki beberapa platform berbasis web untuk menyelesaikan proses settlement transaksi valuta asing. Namun Penulis menemukan fakta selama periode magang bahwa terdapat ketidak seragaman fitur dan metode di setiap settlement platform yang dimiliki Bank OOO. Sehingga, mempengaruhi efisiensi kerja para Dealers di Kantor Pusat Bank OOO, yang juga berdampak pada tingkat utilisasi dari masing-masing platform.

.....This internship report aims to evaluate the utility level of the foreign exchange transaction settlement platform at Bank OOO from January to March 2023. Bank OOO has several web-based platforms to complete the foreign exchange transaction settlement process. However, the Author found facts during the internship period that there were differences in features and methods in each settlement platform owned by Bank OOO. The inconvenience affects the work efficiency of Dealers at Bank OOO Head Office, which also impacts the utilization rate of each platform.
